Turns out, healthier snacking is better for brands, bellies and the bottom line, providing hotels with a revenue boost. Acquiring a new customer can cost five to nine times more than selling to an existing customer, so it's pivotal that hotels do everything they can to keep their existing guests happy and revisiting time and again. Loyalty programs that offer guests discounts, freebies and other perks, for example, can add real value to a guest's experience – and ultimately to your sales graph.
